Summary:

Jane realises there is something wrong with her marriage so she suggests a threesome to spice things up but what she doesn't realise is that her presence is not needed or in other words THERE IS NO THREESOME.

Based on a friends episode, guess which one lol

New ideas, Old problems

Author's Note:

Based on that friends episode where Ross suggests a threesome to his lesbian wife and the 2 lesbians completely ignore ross whilst they do it. I've seen this scenario used before in other fandoms but never for Byler. To be clear the only actual sex is between Mike and Will.

Without a doubt the dirtiest thing I've ever written lol.

Something is going wrong with Janes marriage. She had met Mike in college, fell in love and now they were both 30 years old and happily married. But, she had noticed that Mike had been acting a bit strange lately. Mike had never been overly enthusiastic about sex but now he seemed to be showing a lack of enthusiasm whatsoever as well as problems getting it up. He casually brushed her off whenever she suggested they try to have children and sometimes just physical affection in general.

She had been wondering whether the issue was that Mike wanted to do something more interesting to spice things up in the bedroom. So she had already tried a multitude of toys and other sexual practises but Mike still seemed disinterested. Mike was the only man she had ever been with so for all she knew the decreasing interest in sex was normal but she didn't know for sure so she had a plan.

Jane hadn't expected it to come to this but she needed a way to satisfy her sexual desires and Mike didn't seem willing to accommodate her. So she was going to suggest a new idea to Mike, she had heard about it from her friend Max who had told her all about how amazing it was so she was now willing to try it. She was going to suggest a threesome to Mike.

She hoped to get the chance to see whether all sex was supposed to be like how it was with Mike. If Mike didn't agree to the idea then they would need to have a serious discussion for the first time in

their marriage but she was going to try this first. For all she knew this was Mike's secret kink so it was worth a go. She just hoped Mike agreed for it to be a man, she wasn't sure she could cope with sharing Mike with someone else, but with a man all the attention would be on her.

Jane hesitated in the kitchen as she thought through her plan again, there was no harm in asking, Mike might even be expecting this with all the sexual stuff she had been suggesting lately. So she took a deep breath and stepped into the lounge where Mike was peacefully watching television. As she nervously approached her husband Jane couldn't help but think about how much of a catch her husband was and how lucky she was to have caught him. Freakishly tall with thick raven curls and a muscular physique, Mike was gorgeous.

"Hi honey" Jane calmly said as she walked up to him and planted a kiss on his cheek before sitting down next to him on the couch. Mike didn't bother turning to her and instead grunted in acknowledgement of her presence and just continued staring at the screen. She frowned in frustration, this wasn't a good start to the conversation, he had been doing this kind of thing a lot lately too.

She persevered though and after a few seconds of awkward silence she spoke her mind, "So, I've got another suggestion," she said nervously.

Mike groaned in response and raised the tv controller to pause it before turning his attention to her at last. "What is it this time?" he sighs irritably, "Nipple clamps? Cock ring? Roleplay?"

Jane giggles and shakes her head, she may know he was suggesting those things mockingly but that doesn't stop her seriously considering them as future options. "I'm not sure how you'll feel about it but I was thinking a threesome," she says hesitantly.

To her surprise Mike perks up significantly and smiles widely, "I love that idea" he says enthusiastically, he looked like he was ready to start jumping for joy. Jane honestly wasn't sure whether to be offended that Mike was so enthusiastic about the idea, did he really want to have sex with another woman so much?

"Okay great" Jane says a bit more apprehensively, now having

second thoughts on the idea, “Do you have a preference for gender?” If Mike said female in an overly enthusiastic tone Jane was quite sure she was going to strangle him.

“Definitely male” Mike says without hesitation practically bouncing off the walls. The response surprised Jane, perhaps the reason he liked the idea wasn’t because he wanted to have sex with another woman after all. Perhaps he was just lazy or not interested in having sex so wanted someone else to fill the void for him. Either way she wasn’t complaining.

“Alright, do you know anyone who might be interested?” she questioned doubtfully, she wasn’t expecting a yes, she was fully prepared to go looking on her own.

“I do actually, I will give him a call” Mike replies wearing a strange smile that she hasn’t seen before. She nods in agreement and the discussion is over as the shift their attention back to the paused television. Oddly enough getting this conversation out of the way didn’t make her feel better. Whilst she was definitely excited she also felt like she was missing something judging by Mikes reaction. But she shook that thought off as after all it was her idea, what’s the worst that could happen?

-

Mike sat awkwardly on the couch as his wife sat next to him making awkward small talk with their guest. He wished she would just get on with it, they all knew why they were here, could she just hurry up and fucking leave the room. Mike could tell that Will was just as uncomfortable as he was. He seemed to want to just sink into his armchair and become invisible but Jane wasn’t allowing him to do that and was making him busy by sending a barrage of questions his way.

Eventually though even Jane ran out of things to talk about so they were forced into an awkward silence before they decided to address the matter at hand. “So, I guess I’m going to go shower and get ready in the bathroom, you two can get ready in the bedroom.” Jane said tersely before standing up and exiting the room before either of them could respond. In the distance they heard the bathroom door slam

shut and suddenly they were alone.

The silence didn't last long however due to the fact Will was clearly bursting to say something. "Mike why I am here?" Will blurts frantically, "You know very well I'm gay and have like zero interest in fucking your wife."

Mike looks at Will coldly, he wasn't going to allow Will to chicken out now and ruin the plan he had spent months working on. "Firstly, why did you agree and show up then?" Mike questions making Will look away pointedly, clearly avoiding the question. "And secondly, who said anything about fucking Jane? You're here to fuck me." Mike declares proudly making Will look like his eyes are going to pop out of his head.

"What did you just say?" Will whispers in shock.

"You heard me" Mike replies unsympathetically, "you're here to fuck my ass, and judging by the fact you have made it very clear you do not want to fuck Jane I'm guessing that's what you hoped would happen." Mike said accusingly raising his eyebrows in question and resisted the urge to chuckle when Will blushes brightly.

"Does Jane know that you're a bisexual that invited his gay friend over to fuck him because I certainly didn't," Will replies, still obviously quite shocked.

Mike rolls his eyes at Will's answer, "No because that's not what's happening here" Mike replies with a frustrated sigh. Will gives him a confused look so he continues, "Firstly I'm gay not bisexual, secondly Jane probably doesn't know your gay but she's met you before on multiple occasions over the years and if she hasn't figured out your gay by now then that's her own fault and thirdly I invited you here to fuck me because I've been in love with you since we were kids." Mike admits with a raised voice before sinking back in his seat drained of energy after finishing his list of confessions whilst Will looks even more shocked.

"Since when have you been in love with me?" Will says quietly after a few moments of shocked silence, Mike is thankful he doesn't seem upset.

"I figured it out when you started dating Richie, I got so jealous at seeing you together" Mike sighs defeatedly.

"But I broke up with Richie over a decade ago and I've met and broken up with numerous boyfriends after that, why did you never say anything?" Will questions.

"It took me a while to accept what I am, wasn't exactly easy when I've been told that homosexuality is wrong by my parents my whole life then it only got more complicated when I got involved with Jane." Mike says mournfully.

"If you knew you were gay when you got with her then why did you marry her?" Will asked curiously.

"With the buzzcut she looked enough like a boy for me too cope with so before I knew it we ended up married. But when she started to grow her hair out and complain about the lack of sex I realised I couldn't do this anymore. You had just broken up with Boris so I enacted a plan to see if you might like me back."

"You could have just asked me."

"I couldn't take that risk and besides if I had just asked you whilst I was still married would you have believed me?" Mike asked sceptically. Will's lack of response proved him right so he continued. "So I started finding ways of slipping kinky things into Jane's path like sexy magazines etcetera but it took her far longer than I expected to take the threesome bait, you have no idea how many sex toys and set of lingerie I had to endure." Mike says visibly shivering at that particular memory.

"How traumatizing" Will chuckles in amusement prompting Mike to glare at the shorter man.

"Glad that your so sympathetic to my struggles" Mike says sarcastically. "But anyways, in the end I managed to trick Max into telling her about her own threesome and that seems to have done the job."

"Wait, hold on, time out, Max had a threesome?" Will asks in utter

disbelief, "With who?"

"With whom do you think?" Mike chuckles with Will quickly joining in when he figures out the answer. "But as I was saying, with the permission granted from Jane I was then able to invite you to a threesome and knowing that your gay your answer would demonstrate whether you like me or not, so I hope I was right or this is fucking embarrassing." Mike chuckles nervously while scratching the back of his neck.

Will starts giggling which does nothing to calm Mikes nerves but luckily his best friend manages to calm himself decently quickly. "Mike have you never noticed how all my boyfriends look suspiciously like you? How do you think I knew I was gay in the first place? I've spent half my life trying to get over being in love with you but no other relationship I've ever had has been enough to satisfy the need I have for you so I can quite easily say that I am without a doubt still very much in love with you too" Will says with a bright smile that had Mike ready to kiss Will right there and then.

And that's just what he did. He stared at the smaller man lovingly for a few seconds taking in his lean figure, gorgeous cheekbones and side swept soft brown hair. But eventually he couldn't take it anymore so he just stood up and jumped onto Wills lap and smashed their lips together. It was everything he had ever imagined. He felt alive for the first time in years, like he had been living life in a black and white movie before finally buying colour tv.

Will responded with just as much enthusiasm as their lips moved against each other frantically desperate for the affection they had denied for so long. Mike felt Wills hands land on his hips as he moved his own arms to around Wills neck to draw them closer so they never had to let go. He felt Wills tongue licking along the edges of his lips demanding entry into the fortress he had been waiting to penetrate for so long.

Mike didn't bother fighting the tongue, he just allowed Will to dominate and explore his mouth. One body part had entered his body moving them another step towards becoming one and he couldn't wait for the next. He felt his pants tighten to the point of being painful as he started grinding his ass downwards desperate for the

friction he was rarely able to achieve normally, letting out desperate moans as he did so. To his delight he felt something new prodding into his backside as he moved causing him to smirk into Wills mouth in triumph as he successfully turned on the man he loved.

Will let out a whimper as Mike started angling his hips in such a way that he can rub Wills clothed cock against his ass in the most pleasurable way possible. Mike could feel his underwear starting to get damp with the precum leaking out of his aching cock but he didn't give a shit. He just continues grinding too lost in the pleasure to think about anything else and judging by the identical set of moans coming from Will, his best friend was thinking the exact same thing.

They are somewhat pressed for time though and the sound of water pattering against the floor in the distance won't last forever so when Will detaches from him and says, "Bedroom?" He is quick to agree. He is up like a shot desperately dragging Will so fast in the direction of the bedroom he shared with Jane that the smaller man almost trips over the rug on the way there.

As soon as the door is closed behind them they are back to making out with no delay, making up for lost time. They disconnect only for a few seconds when Mike pushes Will up against a door and grabs Wills shirt and ripping it off, his own not far behind. Their lips reconnect as both pairs of hands eagerly explore the lean muscle of the others body. Wills skin felt like silk against Mikes hands as he pressed and kneaded every inch of skin, desperate to pleasure the man he loved.

Mike was temporarily surprised when Will started pushing him backwards, he wasn't complaining though as their lips didn't disconnect once as they started moving blindly towards the bed. He did yelp in surprise though when Will suddenly hooked a leg round his calf and pushed him backwards causing him to fall onto the bed. Will just grins at him as he unbuttons his jeans, pulls them down and removes them from his legs, never once taking his eyes of Mikes torso. Mike for his part stares at the damp patch on Wills underwear.

"So" Will says in a husky voice that almost makes Mike moan as he places his hands on the cuffs of Mikes jeans and starts to trail them

upwards towards the button. "Have you been with another man before?"

"I've done a bit of experimentation" Mike admits shyly as he tries and fails to stop staring at the muscles in Wills legs.

"Oh so this isn't the first time you've cheated on Jane then?" Will said accusingly with a raised eyebrow, Mike shakes his head no in response, technically speaking he was cheating on Jane here with permission but he still doubted that this would go down well if she knew what they were doing in here. "So desperate for cock, your such a slut" Will chuckles playfully.

"I'm not a slut," Mike replies indignantly managing to tear his eyes away from Wills body for the first time to glare at him, "I've topped just as many times as I've bottomed and I fully intend on ravaging your ass the next time we do this."

"Whatever you say slut," Will chuckles. Mike opens his mouth to respond and attempts to glare at Will but he was cut off when Will suddenly dives for the button of his jeans, undoes it and yanks the coverings of his legs forcing a gasp out of him. He is rendered completely mute from the sensation of Will laying kisses up his long toned legs. When the shorter man reaches Mikes inner thigh he starts to release small moans as Will gets closer and closer to his destination.

When Wills hand touches his restrained bulge he moaned his loudest moan yet as Will starts to slowly palm him through his underwear. Will delicately lowers his head to the bulge and presses his face up against it as he starts mouthing at Mikes cock through his underwear. Mike groans and squirms under the teasing pressure of Wills warm mouth, desperate to make things move along faster. It didn't help that Will kept his adorable doe like eyes trained on him the entire time he was doing this making Mike fall even more in love.

Will seemed just as impatient to move this along as he was though so in no time he was pulling Mikes underwear off his legs and tossing them across the room. Will chuckled at the slapping sound of Mikes cock hitting his stomach after it was released from its fabric prison, Mike meanwhile is too busy moaning to chuckle. "Your so beautiful,"

Will says soothingly as he delicately runs a finger up Mikes hard length. Mike shivered in response to Wills actions though he isn't quite sure whether it is due to his words or touch.

"Have you prepared yourself for me?" Will asks as his fingers moves from Mikes length to tracing the around his sensitive entrance.

"I've cleaned and fingered myself already tonight." Mike murmurs in response, cheeks flushing slightly at his confession.

"Good, then this shouldn't take too long then" Will smirks mischievously. Mike doesn't have time to question this as suddenly Wills lips are around his cock and steadily moving downwards. Mike closes his eyes and moans as Wills wet mouth creates suction around his cock. He is so distracted by Wills tongue licking stripes on his cock that he almost misses the sound of a bottle opening. He opens his eyes to find Will using his unoccupied hands to squeeze the lube Jane had laid out onto his fingers whilst keeping his mouth firmly wrapped around Mikes cock.

Mike jumped slightly when he felt the cold wet substance touch his sensitive bud but he didn't object. He just kept focussing on the sensation of Will bobbing up and down on his cock whilst licking up his precum by swirling his tongue around Mikes cockhead. He winces slightly when Will pushes two digits into his ass for the first time but like he told Will he had already prepared himself earlier so this stage shouldn't take too long.

Will starts thrusting his fingers at different angles into his ass with his mouth continuing to pleasure Mikes arousal at exactly the same pace. He hadn't received a blowjob in a while, Jane didn't like doing them and strangers went straight to the main event. Wills skill at them was incomparable though which caused him to have a quick flash of jealousy from the knowledge that Will has done this with other guys. This is quickly replaced though by a feeling of joy at the knowledge that this perfect man was finally his.

This was already the best sex he had ever received and they hadn't even gotten to the best part yet. He found sex with Jane was revolting on some days and uninteresting on others. Random hook-ups were certainly a lot more enjoyable but they had never given him

the same special treatment Will was providing him with. He was used to having his clothes torn off then being fucked relentlessly into the bed or vice versa. Will was going to do that as well obviously but before that he was making Mike feel special and appreciated, he really couldn't love Will more.

Mike enjoyed the stretch of Wills fingers thrusting into his hole but he was struggling to hold in his impatience to receive something longer and thicker. Will obviously shared his impatience though as the movement suddenly stopped and Wills mouth withdrew from his cock with a loud popping sound. He whimpered slightly at the loss of Wills mouth and fingers but was quickly distracted by Will straightening up to remove his underwear.

He was instantly transfixed by it along with the rest of Wills gorgeous features. Wills lean, toned figure built by years of running was just so goddamn enticing. His cock was even more so, obviously on the larger side was about the same size as his own. If he had any doubt he was gay up until this point it was certainly gone now judging by how long he spent staring at Wills gorgeous cock. He couldn't wait to be fucked by it.

Will was again obviously thinking the exact same thing as when he finally looked up to Wills face he found him smirking at him as he reached for the bottle of lube again. He was momentarily disappointed that he wasn't going to get to taste it but then he remembered that he wanted to get fucked and there was plenty of time for blowjobs later. But as he watched Will lathering up his dick he couldn't help but wish that he were the one touching it.

They had seemed to have silently agreed to not use condoms, the packets Jane had left on the table remained unopened. Mike knew they both tested regularly and as neither of them could fall pregnant there was nothing to worry about. He wanted to feel the cum of the man he loved inside of him and it appeared that Will shared that desire.

Once Will had finished lathering up his leaking cock he moved back onto the bed and pushed Mike back a little so that he was closer to the headboard. They seem to have once again both silently agreed that they wanted to see each other during this so Mike remained on

his back. Will wordlessly spread his legs and lined himself up with Mikes entrance. "You ready babe?" Will asked, hazel eyes looking into brown ones, Mike nodded in response as bubbles of happiness filled his insides at the pet name.

Will gave him one last look to check he was ok before starting to push in, Mike whining slightly at the intrusion. Although he was prepped and had done this before, he hadn't in a while and Wills dick was certainly the biggest he had taken. Will held his hips firmly as he continued pushing in, both letting out moans of pleasure and in Mikes case slight pain. Mike groaned as Will bottomed out, the feeling of Wills balls against his ass slightly tickling him.

They stayed like that for a while Will allowing Mike to adjust to the feeling of his massive cock inside of him. Mike nodded up at Will when he got used to being penetrated and Will slowly starts to withdraw from Mikes hole. Its less painful this time and more pleasurable but he still hisses slightly at the pain. When Wills cock is out to the head he pauses for a second but before Mike could even think of complaining about being empty Will starts moving again.

They continue this rhythm for a while of slowly pushing in and out, picking up speed every few thrusts as Mikes moans grow louder. Eventually Mike gets tired of the slow speed they need to be quick anyway if they want to be finished before Jane shows up. "Will, you can speed up now" he says almost shyly.

Their eyes hadn't disconnected since Will had entered him and Mike could have sworn he saw a sparkle in them at his words. He has no time to contemplate this as suddenly Will is fucking him properly. He moans loudly as Will begins slamming into his hole like he means it, letting out sexy panting noises with every thrust. Mike arches his back in pleasure as Will fucks him fast and hard, the speed at which it rubbed against his tight walls nearly making him spasm.

He wraps his long legs around Wills torso and pulls Will down so there faces are closer together. He puts his arms around Will and starts to claw at Wills back as he leans upwards to give Will an occasional peck on the lips fireworks shooting through him every time their lips meet. Will for his part just keeps pounding away into his tight hole keeping one hand on his hip at all times as he tries out

a different angle with every thrust.

He finds what he was looking for a few thrusts later when he hits Mike's prostate for the first time. Mike squeals with pleasure as Will endeavours to try and hit it again and again. The previous guys he's slept with previously barely ever took the effort to find his prostate they just used his hole to satisfy their own needs. Will was different. Will cared about him. Will loved him. Will wanted him to feel good. He loved Will and he loved the long thick member that was consistently hitting his prostate over and over again.

He dug his nails into Will's back hard enough to leave marks as he screamed in pleasure at the feeling of his prostate being abused by Will's massive cock. He had always been loud in bed but never like this, Will was special. "Harder Will" Mike begged as the headboard shook with the force at which Will was pounding into him.

"Only if you admit to being a slut" Will teased after a slight pause whilst he mulled Mike's words. Mike distractedly watched sweat dripping down from his brow and landing on Mike's.

"I'm a fucking slut" Mike screamed as Will someone thrust into him harder, he had already been letting out a consistent string of curses but now he felt the sudden urge to completely submit to Will. "Pound me until I can't fucking walk tomorrow, fuck me with your massive cock until you cum in my slutty hole, fill me with your sperm." Mike begged as Will gladly obliged.

"Would you like that baby?" Will purred seductively without dropping his pace, "Would you like me to fill you up? Do you want to be my bitch? Do you want me to breed you?"

"Yes fucking yes", Mike screeched as he pushed himself towards the massive cock occupying his hole, "Make me your fucking whore Will."

"If you insist slut, I'm going to fill you with my big cock every day of the week, I'm going to cum into you into your stomachs filled to the brim, your no one else's only mine, no one else can have you" Will says demandingly whilst still thrusting at the same breakneck pace.

“Yes I’m yours” Mike cried out, “I don’t want anyone else, only you and your cock, make me cum please.”

“Your going to cum and then I’m going to fill up your slutty hole till its leaking out all over your marital bed.” Wills seductively says as he grabs Mikes aching cock that had been sitting unused all this time leaking precum everywhere and starts pumping it in time with his incredibly fast thrusts.

“Please” Mike begs feeling his orgasm approaching very quickly from Will simultaneously fucking him and jacking him off.

“Come on babe you can cum” Will says soothingly as he pounds Mikes asshole. That was all the encouragement Mike needed as with one last squeal he comes all over his and Wills chests coating them with hot semen. Wills not far behind, Mikes asshole constricting around Wills massive cock makes him see stars from the overwhelming pleasure of still being fucked.

Will has the exact same feeling of stimulation as Mike does from the constriction and suddenly comes into Mikes ass. He sends hot sticky ropes into Mike filling him up and causes him to overflow and start leaking out onto the bed. Will falls forward onto Mike as they pant in sync, ignoring the fact that there is a layer of Mikes cum in between their chests.

“Fuck, that was amazing” Mike pants out as he feels the cum dripping out of him along with Wills softening cock that was still very much present in his well-used hole.

“Best sex I’ve ever had.” Will admits with identical panting making Mike internally leap for joy due to the fact his legs probably don’t work well enough currently for him to actually leap for joy. “Told you that you were a slut, wonder what Jane would think.” Will chuckles not moving from his position above Mike.

“Shut up, you may have given me the best night of my life but I’m going to prove your just as much a slut as I am tomorrow” Mike says giving the shorter man a grumpy glare.

“Whatever you say Mikey.” Will chuckles blissfully, “Love you.”

“Love you too” Mikes replies and then proceeds to grab Wills head and connect their lips as they both begin making out. They were finally united at last, soulmates, two sides of the same coin, together forever. It was all going so well until they heard a cough from behind them causing them to disconnect their lips and snap their necks around to the source of the noise.

There was Jane staring at them wearing a look of combined shock and fury. She was standing their motionless staring at them and all they could do was stare back. She was wearing a nightgown that would probably be alluring to anyone not gay whilst Mike realised they had missed the shower turning off. Shit, how long had she been standing there? How much did she hear? How much did she see? He was suddenly very aware of the fact Wills cock was still in his ass as Jane sucks in a breath too say something.

“I see you’ve cured your erectile dysfunction.”
